SERVICES

Community Services, Employment and Training, Fuel Assistance, Housing, Weatherization

VALUES AND GUIDING PRINCIPLES

We believe and recognize the complexity of the issues surrounding poverty.

We believe in building local solutions to local needs.

We believe in supporting family stability as a foundation for economic security.

We believe in advocating for systemic change.

We believe in pursuing positive individual, family and community level changes.

We believe in maximizing involvement of people with low income into our communities.

We believe in engaging local community partners and citizens.

We believe in leveraging local, state, and federal resources towards our mission.

We believe in maximizing service delivery in a safe and structured culture.

2023-2028 CAPNM Strategic Planning Goals

GOAL #1: Develop relationships and create initiatives with our community partners that empower low-income community members to prevent and successfully navigate crisis situations in their lives and the environments that perpetuate them.

GOAL #2: Expand awareness and accessibility to our programs and services throughout our service area by increasing outreach and broadening strategic partnerships. Expand awareness and accessibility to our programs and services throughout our service area by increasing outreach and broadening strategic partnerships.

GOAL #3: Through private and public collaboration, develop our capacity to increase the supply of affordable housing options within our service area.

GOAL #4: Continually improve organizational systems that fosters a culture of accountability, consistency, and efficiency to enhance internal operations and service delivery.

GOAL #5: Engage with existing and newly formed funding sources to create expanded capacity to serve.
