

COMMUNITY ACTION PARTNERSHIP OF NORTHWEST MONTANA **ANNUAL REPORT**

'18

Impact Report

Community Action Partnership of Northwest Montana (CAPNM) has been helping people, improving lives and strengthening communities since 1976. CAPNM provides social services and advocacy, together with local partners, to alleviate poverty, improve lives and strengthen communities in the Flathead, Lake, Lincoln and Sanders Counties.

CAPNM serves a large geographic area of 13,375 square miles, with a total population of over 150,000. Flathead, Lake, Lincoln, and Sanders Counties are predominantly rural communities with limited employment opportunities and low wages.

CAPNM is the largest private human-services agency in the four county area, providing a wide variety of services to promote self-sufficiency and independence, which allows maximization of resources to benefit more individuals.

From start to finish in 2018, CAPNM continued the 41 year legacy of providing services to help improve lives and strengthen communities. In 2018, over 8,000 individuals worked with CAPNM staff to receive assistance that range from employment training, heater emergencies to homeless services. The data reported in this impact report tells only part of the story of how CAPNM works to address the needs of the communities we serve. These key outcomes and success stories are critical for understanding the depth of CAPNM's impact in Northwest Montana.

Sometimes people who are working their way through trouble just need a little help to start over. A young mother and her two sons were homeless for six months. She applied for over 200 jobs and finally was able to secure part time employment. While searching for an affordable home, she stayed in a tent in her friend's back yard. Her apartment came through but she needed help to get the electric into her name. Through a cooperative effort, LIEAP was able to provide the deposit funds and assistance with winter heating costs. Her family is now safe and warm in their new place!

ENERGY PROGRAMS (LIEAP AND WEATHERIZATION)

216

housing units were made safe & affordable through construction, weatherization, or rehab services.

I was very pleased with the remodeling work done on my home by CAP. The people doing the remodeling were courteous and timely. I was very pleased with the way it was done and the way it looked. The new sinks and counters in the kitchen make it much easier to clean. The laminate flooring is so easy to clean and it is an improvement over the old flooring that was in the home when I bought it. I am very pleased to say the least! Thank you CAPNM for a job well done!

"Every day I thank God for opening the way for you all to come and so kindly & thoroughly winterize my home," states an elderly woman. "It is so amazing to be so cared for, and to for the first time be warm and cozy day and night in our home."

From homeless alcoholic, to responsible contributing member of society, my 17 years at the Courtyard Apartments were an essential component in my journey to personal self-sustainability. For that, I will always be appreciate all the help CAPNM gave me!
